RMIG WASTEPAPER BASKETS

Classic design for
indoor and outdoor use

Type 223 (14 litres) black matt (RAL 9011)

RMIG pick-up for pre-sorting of waste (batteries, fruit, food etc.)

STYLISH AND PRACTICAL

Timeless design and high product quality are the hallmarks of the RMIG wastepaper and litter baskets. We offer you a wide variety of baskets for indoor and outdoor use, making it easier for you to find the perfect match for the surroundings.

Choose from all our popular types that we keep in stock, manufactured from aluminium and steel in a choice of

attractive colours to suit your needs. Alternatively, contact us if you have special requirements.

The series 200 and 300 (25 cm and 29 cm in diameter respectively) are especially suited for offices, hotels and many other indoor applications where design is highly valued.

RMIG Desk Tidy 8.5 cm in diameter and 9.7 cm in height. An attractive accessory for any office.

Type 326 (21 litres)

ROOM FURNISHINGS

Wherever there is a need for elegant wastepaper baskets or other practical furnishings to complement your interior design, you will find a range of RMIG products and accessories to suit the purpose.

This includes dispensers in various sizes for paper towels and matching baskets from the 500 series, ready to mount on the wall. You can also match dispensers with one of our free-standing models – all made with your choice of RAL colour.

OUTDOOR USE

RMIG offers a modern design that matches contemporary urban space and provides the necessary functionality for waste management.

The series 400, 600 and 800 are especially suited for outdoor use. They are available galvanised or coated or

primed and coated in several designs and range in size from 69 to 83 litres.

Series 500 is also suitable for outdoor use. The free-standing fitting available as an extra feature enables placing on the right spot and gives a stylish and effective look.

Type 526 (20 litres)
Stainless steel
Extras: Plain lid (no. 52)

Type 536 (25 litres)
Stainless steel
Extras: Lid for waste separation (no. 52 S).
Pair of inserts (no. 30).

LIDS AND WASTE SEPARATION

In order to improve hygiene and overall tidiness, we can supply a plain lid for all series 500 RMIG Baskets.

To make it easier to enforce separation of waste, we can also offer specific separation lids and inserts for types 536 and 542.

Order for retrofit or together with the purchase of new baskets.

LOGO

Branding is important for any business and RMIG Baskets with your logo can help draw attention to your company.

Series 800 is especially suited for this purpose as it is manufactured as standard with an unperforated area where you can place your logo. (Also available fully perforated.)

We will be pleased to help you with guidance and inspiration for an individual solution, and also to advise you about design, materials and choice of colour. Do not hesitate to contact us at info@rmig.com.
